Winter 1992

Happy New Year!!!

This year has started out with a *bang* and we are excited about the goals set before us. We had a very good turnout for our first meeting on January 23. Perhaps the entrance of sunshine for the first time in many days helped, but I felt a real enthusiasm bursting forth from the crowd, too.

First and foremost on our agenda at this time is the printing and binding of our quarterlies, **Kin Collecting**, for 1986, our first year. There were five publications during that first year and our publisher, Faith Nowlin, says this new book will be approximately 250 pages, including a complete name index. Should be real good reading with lots of helpful material. Since I don't have the quarterlies for that time period, I am going to be the first to purchase the book. One of the most helpful things I have found in researching books is the complete name index. When one is searching for a particular name, it is so much easier if all the given names are listed along with the surname. The book will be bound with a hard cover and will be ready for shipment on April 1, 1993. The price is \$25.00, plus \$3.50 shipping charge. However, anyone wanting to place an order prior to the shipping date will be charged only \$20.00, plus the \$3.50 shipping charge. Local residents who would like to pick up at the Library should make prior arrangements with Gloria Thurman (364-2230 or 364-4475) and there will be no shipping charge. Pre-publication orders may be entered immediately. Make your checks payable to ACGS and mail to P. O. Drawer R, Crossett, Arkansas 71635.

Secondly, we have just hit the jackpot! We have a friend indeed in Gordon Hartrick. Mr. Hartrick is a retired forester for The Crossett Company. He was born in Canada, attended the University of Michigan, and was hired by mail by Mr. Levi Wilcoxon. He came to the Ashley County as a young man and worked in the forestry industry until retirement. He now lives at Leslie, Arkansas (Address: HCR 78, Box 526, Leslie, AR 72645). He was a member of the Ashley County Historical Society and very active with the Museum prior to his retirement and our organization's inception. During that time, he collected many interesting papers, correspondence, etc., pertaining to Ashley County history, including items of genealogical importance. Through Bill Finch, he has donated his files to us for use in our publications and, ultimately, to be placed in the Library. Beginning with this issue of **Kin Collecting**, and from time to time in future issues, some of the items collected by Mr. Hartrick will be published. We are most grateful for this contribution.

Already plans are underway to sponsor an all-day workshop for Mr. Ron Bremer of Salt Lake City on September 25, 1993. So, you see, we are off to a good start for 1993, and I hope everyone finds that elusive ancestor this year.

Happy Hunting,

Blanche Hancock Turlington

Dear Brother Aron and Relatives:

I wish you all good health. I take pen in hand to write a few lines to you.

First and foremost, I want you to know that I am alive and am blessed with good health. Seldom do I hear from my own country, Sister Maria used to write to me, but she has not written for two or three years. I wrote her last but received no reply and I do not know what the reason is.

I received a letter from brother Carl (a very religious letter) and it made me happy. Last week I received a letter from brother Anders in Chicago with greetings from Sweden from you.

He stated that you plan to send your son to America, and Anders asked if I did not think that it would be better for him to come here to the South, rather than remain in the northern states.

I have traveled considerably in America, but the South is the best place I have found. I would not for anything to the northern states to live. This is the best place I have found for a person of moderate means to get ahead. The climate is pleasant. We scarcely have any winter here and it is not much warmer here during the summer than in the northern states. The cattle graze in the pastures during the entire winter and need no barns. I have not been more sickly here than in the North. People here are not (?) much afflicted with malarial fever causing chills in Summer; however, it (the fever) disappears after a few days.

Tell your son (I do not know his name) if he plans to come here he can make his home with us. We have a comfortable home, and I have a good wife, and we have three children, two girls and one boy, and we will take good care of him, and help him the best we can.

We shall also teach him to speak English in a short time. I have not spoken a Swedish word in several years. We will also send him to school so that he may learn to write and read English. He is young; hence it will not take long to learn. It is an advantage to come to America when one is young.

There are no Swedes living in this vicinity. The majority of the Swedish emigrants remain in the northern states, which is habitable as Sweden is and the land (farms) are high priced.

There is no scarcity of land here, and it is cheap. If he will come here and remain here, I will assist him to acquire 160 acres of land if he wishes to be a farmer; it won't cost him anything when he attains the age of 21 years.

We raise cotton and 500 barrels of corn or Maize, orchard fruits, potatoes, etc. on my place. I have a Negro to assist me. I cannot devote all of the work myself on farming because I manage a landing place. A stream or river on which steamboats come are the means on which I ship cotton and receive goods by freight for a great part of territory around here.

Half of the population in this vicinity are Negroes. They have been slaves of the white population until 1865. They can work harder than the whites and stand the heat better.

There is a rumor that a railroad will be built next year, and I wish that will become a reality because it would improve conditions and times.

There is much wildlife in this vicinity, deer, wild turkeys abound the most. We hunted for our brother-in-law, shot and killed 13 deer last week and 7 turkeys. There are not many bears in this vicinity, but now and then they make their appearance.

Last week I received a letter from brother Janne. They are well. He said they had a poor crop in Kansas last summer. He wrote to me last year that he would come and visit me, but he did not do so.

We had a good crop here in Arkansas last summer, but cotton is so low in price we do not get much for it. Land is not much

Frank Otto Erickson Letters, Continued

populated here, but it will be when a railway is built. We have churches and schoolhouses close by. I live 20 English miles from town.

If your son comes, I will meet him with transportation and we will correspond further before he comes.

I understand our aged father still lives. Greet him from me; also greet brothers and sisters and relatives and all who will receive my greeting. It would be a joy for me to take a trip home and greet you all. However, that may not come to pass. I am settled and have my family, and my wife says she will not undertake a trip like that.

I am quite satisfied here and have many good friends here and have had wherever I have been, for which I thank God and my parents who taught and trained us to do what is right, if one has God as his help and does what is right, one can succeed wherever he goes.

I have experienced adversity to a great extent here in this country and even sorrow. First, brother Pehr, he died; I married, and had a good wife, and she died. My second wife, with whom I now live, is very pleasant and I am well pleased with her. I wish that all of you could come and visit us.

I have 3 children, and if your son comes, he can teach them to speak Swedish, and they will teach him to speak English. We all wish that he would come. We will provide for him as good a home as he would have anywhere.

Will close with a sincere greeting to you all, and wish for you a *Merry Christmas*. Write a few lines when you have an opportunity and let me know various news from my old ancestral homeland. Respectfully your brother, F. O. Erickson
My address is Petersburg, P. O. Ashley county, Arkansas. North America. Greet sister Maria from me and ask her to write me and let me know the reason if she does not wish to correspond with me. I will heartily answer hers and every letter that I receive. Goodbye for now. Write soon to your brother Otto

Petersburg P. O. Ashley Co. Ark June 24th 1891

Best Brother Aron Edward Erickson and family. I wish you all may feel well.

After a long waiting, I will now with a few lines write to you and let you know that we still are living and have good health, etc.

It is long since I heard from you, so I don't know whether you are living or dead. Your son, Erick Fabian, left here a month ago; since he traveled to Denver, Colorado, I have had two or three letters from him, and he says that he gets along good there. We have missed him so much since he left us. He was a good and helpful boy and had many good friends. He can speak English language now better than I can.

It was the best thing he could do to come to me because we do not speak any Swedish here, and there are not many Swedes here about. He was a little sick at first when he came here because he was not accustomed to the climate.

I paid him as much as he could earn anywhere else, and he was here as a son in our home. My wife and all of us together liked him so much we wanted him to have remained with us a year at least, but he didn't like the land here. Here is too big a wilderness for him, and he didn't like to work with the soil.

He has grown and is as big as I now and is a good worker. He has been a great value to me in helping me with taking care of my affairs here with my Landing Plats (landing place). He is a good bookkeeper. I have taught him to write English, so he writes as well as I. I wanted to send him to school. He went only two days, and he then said that he didn't want to go to school. He wanted rather to do something else, and now I have let him do all my writing for the past year he was here so he has learned better with this than he would have done had he gone to school.

I gave him a beautiful recommendation letter, and my wife and I gave him good advise before he traveled from here that he

Frank Otto Erickson Letters, Continued

should avoid bad company and remain a good boy, and he promised us faithfully.

I believe if he doesn't like it out there in Colorado that he will come back to us again. I said to him if he had an accident or bad luck in any way that I would send him money and help him the best I can, but I believe that he will take himself forward well.

I herewith send you a photography showing our whole family. You perhaps won't recognize me. I am not as thick and fast as Fabian says you are, but I have good health. I haven't been sick, so to say, for several years.

I have just written to brother Andrew in Chicago and to brother Janne in Kansas and to Fabian in Colorado and sent our picture. Brother Janne wishes Fabian would have traveled that way through Kansas and visited him.

I haven't seen brother Janne since 1873 and brother Anders since 1877, but we have decided now that we shall all meet in Chicago in 1893 at World's Exposition which they will have there. I hope that we could meet some of your from Sweden there once more in this life.

I do not believe that I will make any trip to Sweden. My wife says she does not want to travel over the Atlantic for the old world, and I will not travel alone.

I had a big accident here last winter. I had a big flat boat loaded with *Frachtgods* (freight goods) worth \$3,000.00 which sank for me one night. Fabian and I were up on the writing-hut and had writing to do and there came a rain-storm and rained so hard and filled up the boat so it sank.

We have beautiful summer weather and good harvest here. We had new potatoes here first of May. I will plant potatoes again next week for the second harvest. I have a beautiful orchard here and good milk and butter. We have fifteen milk cows.

I have around three hundred pigs and a whole mess of other animals. That land is cheap here. A man can have so many animals as he wishes. It doesn't cost anything to feed them, so I like this land much.

I have now written a long letter. I will write some lines to brother Axell and Sister Maria now soon and send them our picture.

Sister Maria used to write to me, but haven't had any letter form her for a long time.

Greet Lina, Lothra, Anne and Sigrid from their cousins, Ellen, Lena, and John.

Will send them to school in the summer. Ellen has her Fabian's letter which he received from his sisters and she says she will write to her cousins when she has learned to write.

I close my letter for this time with dear greetings from all of us to all of you. Greet all the acquaintances from me again—those that I've named and none forgotten.

Write soon and let me hear all the news from my old home. Full of friendliness, you brother, F. O. Erickson

Dear Mr. Hartrich:

Here is a copy of the newstory I told you about when my sister and I met you in the library at Hamburg last May.

You will recall that we were searching for Erickson family roots, the Frank Otto Erickson grave, and any other relevant information to our search.

Since that time the librarian has written that we overlooked the Bible records of pioneer families in the third volume. We searched only two volumes.

Also, in the record of gravestones, there was nothing about F. O. Erickson. We decided, or guessed, that perhaps he was buried somewhere on the 11 acres he once owned. You said you would make a search.

I will be truly surprised if you find such a stone; by now, I would think that nature or man would have destroyed such a stone.

However, should we be pleasantly surprised—if you find such—please let us know. I would want to have made a sand-rubbing of the stone. (Also, there also were two unmarked graves at the same site; I can recall my father saying something about the unmarked ones as we looked at the then-standing stone of F. O. Erickson, 50 or so years ago. These unmarked graves would be for Mary Ellen Erickson and an infant named Joseph.)

I trust the enclosed article fits with you information and understanding of the history of transportation, or barge routes, throughou that part of the country. I believe reference is made to the Marie Saline landing in one of F. O. Erickson's letters.

In fact, I have two letters written in Swedish to a brother in Sweden describing his homelife and his business; in one he tells of a torrent of rain which sank, the barge, losing \$3000 worth of *fratgods*.

Do you know whether anyone there, the library or you, would be interested in having xeroxed copies of the Swedish letters and the translations of them? If so, I shall be glad to send such.

Thank you, Mr. Hartrich, for your interest in our project and your interest in the history of Ashley County. We do appreciate such on-going interests there.

Sincerely yours,

THE ASHLEY COUNTY LEADER

Former Residents Return For Visit With Old Friends

(Y. W. Etheridge)

Hamburg had visitors Tuesday who reminded old timers of long ago. Mr. and Mrs. John F. Erickson, 825 Grandview Street, Dallas, Texas, an employee of the postoffice there, and a party of friends from Bastrop visited the old home town and friends.

Mr. Erickson is the son of Frank O. Erickson, a Swede, who was landing keeper at Marie Saline Landing on the Ouachita river for many years prior to the coming of the railroad to Hamburg in 1898. During that time the principal method of transporta-

tion was by rivers, the Ouachita, Marie Saline, Bayou Bartholomew and the mighty Mississippi. Landings along these streams were important centers of trade, entertainment and jollification.

Freight boats, entertainment boats and passenger boats plied the rivers. Supplies and goods of all kinds were hauled from the landings to the stores and homes of the interior areas, and the products of the farms, cotton, corn, hides, etc. to the landings for sale.

Hamburg was then a dusty and weedy little town with the courthouse, an academy, Presbyterian, Methodist and Baptist church, and a population of a few hundred sturdy pioneers engaged in the professions, merchants, tradesmen and farmers. The blacksmith and the leather worker, the cobbler and the hatter, the freighter and the farmer, were all men of prominence, integrity and bravery.

The landing keeper was a man in whom all had the utmost confidence. He was a man of no inconsiderable ability. He was the depot agent of the long ago. He received and shipped goods at the wharves Times have changed. Men in those days based their estimate of people on character, integrity and dependability. A man's word was his bond. Notes, mortgages, security for debt, were little known.

The untold natural resources of that day have been largely dissipated. Longview, Petersburg, Berlin and Berea are no more. They are deserted and the fine people who sustained them are scattered to the four winds. We live in a different age. It all re-

minds one of Goldsmith's Deserted Village:

Sweet smiling village, loveliest of the lawn,

Thy sports are fled, and all thy charms withdrawn;

Amidst thy bowers the tyrant's hand is seen,

And Desolation saddens all thy green:

One only master grasps the whole domain,

And half a tillage stints thy smiling plain.

Far, far away thy children leave the land.

Ill fares the land, to hastening ills a prey,

Where wealth accumulates and men decay.

Princes and lords may flourish or fade;

A breath can make them, as a breath has made;

But a bold peasantry, their country's pride,

When once destroyed, can never be supplied.

Mr. and Mrs. Erickson, come to see us again. It reminds us fondly of the greatness of our past.

Mr. Gordon Hartrick
Rt. 3 Box 194
Hamburg, Ark. 71646

Dear Mr. Hartrick:

Thank you for your letter of August 22, 1979. The information in it I find very interesting.

Regarding 3 sunken places behind the old yard fence: There were 3 burials: Frank O. Erickson (with a stone, originally); one of an infant named Joseph; and the third one of a child of about 10 years age, Ellen. The latter two unmarked.

These 3 sunken places surely suggest that they are graves. However, I wonder why John Erickson needed help to find them if they were so close to a yard fence (a former fence)? My only answer to that question is that John was only 7 years old when his father died; 8 years, when his sister Ellen died, and that after that Molly, John and Lena may have moved to Hamburg for a while before moving to East Texas. If John never returned to the old 11-acre homestead, it's possible that he forgot where his family was buried and therefore had to have help to find the graves.

October 17, 1979

Frank Otto Erickson Letters, Continued

I still hold on to memory of our finding the burial place and finding the stone marking F. O.'s grave. That memory is vivid. Then, in addition I recall *sensing* that John had had difficulty finding the grave; there was a black man with us who apparently had known the Erickson family or had worked for F. O. Erickson. My memory of the graves being in a secluded place, surrounded by tall trees is nearly as strong a memory as that of the event itself. The time was 1928, give or take a couple of years. (Molly died in Texas in 1926 so it must have been after her death, and I distinctly recall our family's having made a trip to Arkansas in summer of 1928.)

Regarding the present log house: your guess of 1900 as the possible date of the building of it would not be very far off from the dates that F. O. Erickson family occupied a house, from about 1887 (or earlier) to the time of F. O.'s death in 1894. In other words, the house could be the same one. (If ever again I am back there, I do want to be taken to the house. I had just assumed it no longer existed and therefore did not really seek for further information. I can recall in 1973 wishing I could see the old place, if it existed, but did not push the matter.)

During our 1928 trip I recall our staying somewhere in Arkansas in a log house (belonging to a relative, I assume) that had no screens on it—we slept under mosquito nets—and that the house stood on stilts. (Could that house possibly be the same one??)

Regarding copies of the original deeds: I would very much like to have such copies, if it is possible. Thank you.

Again, thank you for the interesting information, including that about the canal that F. O. built.

Enclosed with this letter are two copies of Swedish letters and the translations of the two.

The original of the long (legal size) page letter is in pretty poor condition, being held together at the folds with Scotch tape. Neither copy is as clean as I wish.

The letters are telling in great detail about the life of the Erickson family in one letter, and about the loss of a barge in a storm in the other, with references always to the Swedish nephew (Erick Fabian) who became Fred in America. (Correction. The information in this paragraph is all contained in the 1891 letter. The 1887 letter tells still more about F. O.'s farming.)

If you or the library in Hamburg can use these letters in your History of Ashley County section, please do so. If I am to be credited with having submitted the letters, please say: Juanita Erickson Rush. Also, please include my sister, Jean Erickson McCarter. (Mrs. Veazey wrote last May telling that my sister and I had overlooked the third volume of Family Bibles of Ashley County. She also said she had given me the credit line, giving my name as Mrs. Joseph H. Rush. I would like to have the name Erickson inserted, in any possible future credits.)

Also with this letter is the letter I wrote Ms. Veasey (but did not mail), regarding some information in the book, The History of Ashley County, by Y. W. Etheridge.

As I reread the Swedish letters I am still more confident that the persons of Fred Erickson and Frank Erickson were confused. As I said in it, Fred (Erick Fabian) was about 14 years old when he came to America, and from the letter by F. O. Erickson, dated June 24, 1891, we learn that Fred did not stay even a full year with his uncle and his family, in Arkansas.

Thank you for your patience in reading these lengthy letters and for using them for historical purposes in the library. I do hope we can meet again, for now I hope still again to return to Hamburg, to see the old log house, if for no other reason.

Any more information about the grave sites I shall be glad to have. If the 3 sunken places are the graves, then the stone was destroyed many years ago, perhaps, but only since 1928.

Thank you again for your interest and your help.

Sincerely yours,

Juanita Erickson Rush (Mrs. J. H.), 1765 Sunset Blvd., Boulder, Colorado 80302

Dear Mr. Hartrick:

This letter is belated but its tardiness in no way expresses any diminishing of our heartfelt thanks for the generous time you gave us, my husband and me, and Hazel Fitzgerald, when you took us out to the old F. O. Erickson homeplace.

What a delight to me to reach that place and to hear some of the oral history about it. How can I express to you my deepest felt thank-you?

In addition, Joe thoroughly enjoyed the introduction to the lumbering business, and we both were gratified to learn how the industry wastes not any of the lumber resource. So, Joe adds his special thanks, also.

Your time given was generous, all the more so in view of your many civic commitments for which you should be commended. I'm sure the community must appreciate and recognize your devotion to good causes. And, again, thanks from me for your interest in the history of Ashley County.

We will be in Fla until the end of April and hope to be back in our home the 1st of June, after which time you can expect to hear from me again. (The summer promises to be a quite busy one, but I will find time to be in touch with you again.)

Meanwhile, thank you from both of us, and best wishes in all your civic concerns.

Sincerely,
Juanita Erickson Rush

Re the 3 graves, my thinking now is shifting back to the Macedonia Cemetery, but way beyond the confines of the present cemetery. I still recall, quite vividly, that my dad had to have help (about 1927 or 1928) in finding the graves; that a black man brought us to them, and I think there was some conversation that indicated the black man had known the Erickson family. When we were there in January (1980) looking around, I felt that a view in any direction in the dense woods brought back to me the feeling I had as a child—of the grayness and darkness of the deep woods, as if I had been there before.

How far around does the fence go around the cemetery? In other words, how long is that fence around the cemetery, or how many acres does the fence enclose?

Editorial Comment: These letters written by Frank Erickson to his family in Sweden were sent to Mr. Gordon Hartrick in 1979, by an Erickson descendent, Mrs. Juanita Erickson Rush of Boulder, Colorado. Her correspondence indicated that she had visited the homeplace of Frank Erickson in 1928, and found the family burial plot located behind the old yard fence. There was only one stone remaining, that of F.O. Erickson. Other sunken graves were those of an infant named Joseph and a child about 10 years of age named Mary Ellen.

According to Mr. Hartrick's notes, Frank Otto Erickson left Sweden after 1866, entered the United States at New Orleans and worked his way up to Chicago, where he was in 1870. He had brothers in Chicago and Kansas. From Chicago, he came to Ashley County and settled at Petersburg Landing. He carried freight on a barge and had a hand-dug canal to dock the barge almost at his door.

Frank Otto Erickson Letters, Continued

Mr. Hartrick visited the homesite and wrote the following:

Erickson's log cabin at Sulfur (Sulphur) Springs was at the same location as Byrd's log cabin. The uneven dirt on the right side of his cabin (as you face the front porch) is the fallen mud chimney of Erickson's house. The board slip he tied up to in high water is to the left. The spring he used is in the front of the house 100 yards or so.

Frank Otto Erickson first married Lucindy Pierce in Ashley County on March 9, 1879. After her death, he married Molly White on June 14, 1883, in Ashley County. His land located in Section 9, Township 19 South, Range 9 West was sold to A. W. Byrd.

The 1880 Census of Ashley County, Marie Saline Township lists:

House	Family	Name	Relationship	Race	Sex	Age	Occupation	Birthplace	Father's Bp	Mother's Birthplace

Bollin Green Barham Grave Site

From the papers of Gordan Hartrick, forester for Georgia Pacific. From time to time in the course of his work came across graves in the forest and marked their location and inscriptions if any.

Grave marked: **Bollin Barham**
1837—1894

Also buried here (no markers)

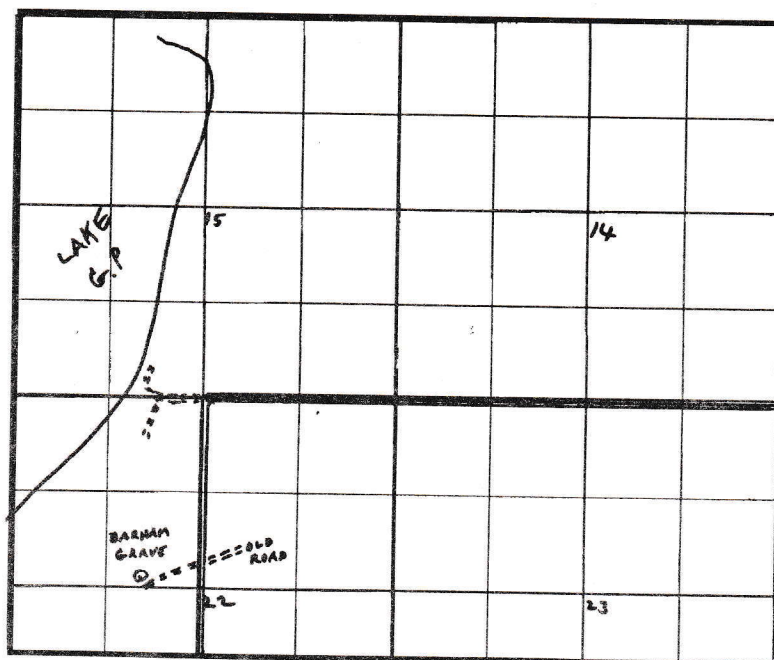

His wife: **Mary Clinton Barham**
His daughter: **Missy Barham**

Burial originally was beside the fence close to the house. A generation of trees has grown up and been harvested and the fields and houseplace are undistinguishable from the rest of the forest.

Location: From the gravel intersection just outside the entrance to Lake G P campground, go south 0.4 miles. At this point the old community road crosses and is still open and recognizable. Turn west 600 feet down the old road to a blazed tree on the right (north) edge of the road. Turn north 100 feet. Grave has been marked with a steel plate on a concrete base.

The house never had a well. Nearby (west) is the Barham spring which still flows clean pure and plentifully.

Ark Bayou & Bartholomew July 18th
Dear Brother

I take this opportunity of writing you a few lines hoping they will find you and family and all the family connection well. I have had a small touch of the fever a few days back but am now getting well. My boys Jasper and Marcus are both sick with the fever but no danger of dying from this attack. I give and administer my own medicine and I have had very good luck so far we have considerable of the fever now on the Bayou but very few deaths. Dear Brother I received your letter of the 12 of June and the 7 of July which gave me much satisfaction to hear that you were all well and enjoying your selves so freely. Dear Brother you never said in your letter whether Brother Jason has got home or not but I have to judge from what you did say and hope that he has for it appears to me as if he has entirely forgotten ones whom never will forget how though many miles apart. The crops in this country so far as I am acquainted is as good or the best that I ever saw. I don't think you ever saw such Cotton in all your life but to disappoint and drown all prospects here comes the big waters of the Mississippi River just ready to cover every acre it commenced rising about the 20th of June and it is now out against every mans leg and the crops are all so new that they anticipate great danger. My Cotton is just as good as Cotton ever gets to be. I

planted it six feet in the row and three feet in the
drill by Brother Jason's directions and now you can't see
a man in it ten feet and is a looking very well. Jase
is a great cotton farmer corn won't be worth 20 cents a
bushel on this bayou next year unless there comes a great
many mowers. "You spoke in your letter of having no rain
in your country. I wish that we could divide with you
for we have been drowned out all the year which has made
against cotton crops some but made corn. I think it ain't
more here in these swamps than any where else, that is all
the fault that I have to the country, but it rains almost
incessantly with scarcely any remission. You spoke in
your letter of having some pretty big doings in Turkey
on the 21st of July, and I know you will enjoy yourselves
finely for Turkey and its surrounding country can't
be that for a pleasure country. We had pretty smart
fandangos on this Bayou on the 4th a big Barbecue
and a few stump speeches and big ball at night I
enjoyed myself finely. You may tell Mr. Ferguson that
I am very much obliged to him for his kind offer
but I can't say that I want help concerning the gals
matter for there is five old Bachelors here to one maiden.
Then, we did have a pretty good stock of gals on hand
some time ago but they have married up mighty high
lately. Not left more than I can take care of myself
though I should like to see him in this country. "Mighty
well" but girls is so scarce and bachelors so plenty that
when we get a stock of gals they won't last but a short time
for the word is if you have a good wife take care of her and if

you have not yet got one immediately, there is not a single
man in this country, but what wants him a wife except
myself and I am on a great study whether it is best
to get a wife or not. please to write to me as
soon as you receive this give my best love to
mother and Sister Jane write me how Bob
Liz has got I have been trying my best to get
off to Florida to see you all but the water has
been up so high that I could not get my horse throu
the swamps and I cant stand the idea of going
to New Orleans at this season of year on account of
so much sickness therefore I shall not go to
but I of untill next winter. This letter has
been wrote ever since the 15th of July but
on account of the high water there has been no mail to
Columbia and now I send it by the New Orleans
think there must be some letters in the Columbus
box for me now but they cant come throu for a while
please give my best respects to my old friend
Bob Evans and except the same for your
self

Zephaniah Harvey Family

by John Harvey

William Harvey, Sr. of North Carolina married **Elizabeth Mikle** (widow) February 6, 1743. According to records, **William Harvey, Sr.** had five children by a previous marriage. From his second marriage there were eight children. Of his 13 children, 12 were living at the time of the probaton of his will on December 1, 1787. The eldest of his children of the second marriage was **Zephaniah Harvey** born in the 1750's and died in 1832. His military record during the Revolution lists him as a *minuteman* and as a *Soldier of the Line*, this designation means that he fought in Georgia, South Carolina, North Carolina and Virginia during the years 1776 to 1781.

Records in the Baldwin County Courthouse show that **Zaphaniah Harvey**, a Revotionary War soldier, drew land lot no. 39, 14th Dist., Baldwin County (now Jasper) in the lottery of 1807. Lot no. 39 was assigned a deed on October 28, 1807. In 1810-11 **Zaphaniah Harvey** served as Representative from Randolph (Jasper) County in the Georgia Legislature. In November 1810 he was Comissioner of the Randolph Academy. In 1813, he was appointed a Justice of the Peace in which office he served until his death in 1832. In 1813 he bought the land lots adjacent to lot no. 39, this land with other property in N. C. and S. C. was left to his children in his will probated in Jasper County in August 1832.

Zaphaniah Harvey, Sr. married **Nancy Smith**. Their nine children were **Zaphaniah Harvey, Jr.**, **James S. Harvey**, **Lucy (Harvey) Freeman**, **Elizabeth (Harvey) Westmoreland**, **Patsy (Harvey) Davis**, **Penelope (Harvey) Tomlinson**, and **Mariah Harvey**. **Zapahaniah Harvey, Sr.** is buried in Jasper County. The site of his grave is unknown. Last known members of this family living in the county were in 1834. Members of family now live in Gwinnett and Clarke Counties.

Objectives of ACGS

1. To increase the interest in and raise the standard of genealogical research and compilation by means of educational programs, workshops, and the publication of genealogical data.
2. To encourage and instruct members in the art and practice of genealogical research and compilation, as well as to acquaint members with sources of genealogical material in Ashley County and elsewhere.
3. To serve, through its periodicals and otherwise, as a medium of exchange of genealogical information.
4. To promote the collection, preservation, and utilization of manuscripts, documents, and other materials of genealogical value.
5. To aid local libraries in their maintenance and acquisition of genealogical materials.
